“Erika and Dan made our wedding experience amazing. They went above and beyond and worked their magic to make our wedding beautiful and very special. Hands down I would recommend this venue for anyone's special event. The location alone is serene, the venue was perfect, and the Bed and Breakfast was beautiful and so comfortable we didn't want to leave. We will be going back for a couples get a way weekend. Our gratitude goes out to Erika and Dan. Don't hesitate to book this venue or have them cater your event. It really was a stress free and amazing experience. - Susan B, May 2025
